Dear Sir In reply to your letter of the 30 ulti we are charged in the interest of a foreign government to learn if the U.S can furnish a coinage to their advantage & to meet this demand we wish to be informed as to the approximate cost to them of coining of the alloy weight & size of the Hundred centime of France 1 and ½ penny of England and 1. & 5 & 2 cents of the U.S.. It is to obtain an estimate upon the above coin, if you please, that we make application to you again having submitted an estimate (which it is necessary we should do) if it is favorably considered, the details of design will be given & formal application will be made to the Secry of State of the U.S. by the accredited representative of the Government desiring the coinage through us, an early reply will oblige

Yours very truly
